Join us at the SAP & SAP Fioneer Financial Services Forum

11. - 13. July 2023, Frankfurt, Germany

There is nothing better than in-person interaction

- 500+ attendees from across the global financial services industry and supporting ecosystem
- Banking, insurance, fintech, insuretech, capital markets and professional advisory industries
- A business focused and customer-centric program – hear exclusive content from our customers on their transformation journeys, learnings and best practices
- Interactivity throughout the event – a vibrant show floor, Q&As, round tables and social events face-to-face networking opportunities and much more

Knowledge session by Stefan Peuz, ING and Christian Runde, ADWEKO

One Platform - One Single Point of Truth (12th of July, 12:25 - 12:55 Uhr)

Under the title „One Platform - One Single Point of Truth“, the focus is on harmonizing a wide variety of data/systems/granularities, preparing and calculating a wide variety of key figures with PaPM, and modeling a wide variety of business process views and input functionalities with SAP Fiori.

- Data storage, data model, data lineage across multiple systems, multiple data models, different granularities and from different business process views
- Calculation of net interest income with SAP PaPM
- Allocation of costs from cost centers to products
- Visualization and customer interfaces
- Benefits and advantages of the architecture

We look forward to meeting you on-site!
